| Supply Form | Kg | 10 & 20 bags |

| | |
|--------------------------------------|--|
| Installation guidance | Refer to the Bauder Green & Blue Roof Installation Guide. Do not apply in wet conditions |
| Product storage guidance | The product should be stored in a cool, dark and dry location, protected against weathering, and must not be exposed to temperatures exceeding 35°C. The products must not be exposed to a direct naked flame or other ignition sources, or to solvents or other chemicals. Where there are storage containers on site, these may be suitable for storing products (see installation guide). |
| Pallet size | Up to 40 Bags of 10 and 20 kg |
| Packaging material | White polypropylene bags |
| Handling/PPE | All persons using the product should be fully aware of the manual handling methods as roofing materials are heavy and can cause serious injury. When using/handling the product, installers should be provided with, and wear, suitable personal protective equipment (ie gloves and protective glasses). |
| Shelf life | This product has a 36 month shelf and must be stored carefully in line with the guidance given. |
| Recycled Content | None |
| Disposal guidance | Waste of the product is not a hazardous substance and can be recycled. |
| Further information/documents | Current documents such as DoC's, DoP's (where relevant), brochures, installation guides, etc. can be found by visiting www.bauder.co.uk |
| Safety Data Sheet | Safety Data Sheets are designed to provide the necessary information to recipients of substances and mixtures in the EU & UK. The Bauder DU UK fertiliser is classed as a substance/mixture; therefore, this product does have a requirement for a Safety Data Sheet. |
