| Material                  | -    | FPO-PP                              |
| Overall thickness         | mm   | 2,00                                |
| External fire performance | -    | not applicable                      |

|                                      |  |
|--------------------------------------|--|
| <b>Normative references</b>          | For undated references, the latest edition of the referenced document (including any amendments) applies.  |
| <b>Product surface finish</b>        | Refer to Bauder FPO Installer Guide  |
| <b>Handling/PPE</b>                  | All persons using the product should be fully aware of the manual handling methods as roofing materials are heavy and can cause serious injury. When using/handling the product, installers should be provided with, and wear, suitable personal protective equipment. |
| <b>Packaging</b>                     | Supplied in a cardboard box (readily recycled).  |
| <b>Further information/documents</b> | Current documents such as DoP's (where relevant), brochures, installation guides, etc. can be found by visiting <a href="http://www.bauder.co.uk">www.bauder.co.uk</a>   |
| <b>Safety Data Sheet</b>             | Safety Data Sheets are designed to provide the necessary information to recipients of substances and mixtures in the EU & UK. This product is classed as an article; therefore, this product does not have a requirement for a Safety Data Sheet.                      |
