Seed source		In line with Flora Locale guidance
Total number of species		23
Wildflowers		17
Annuals		1
Grasses		3
Sedum		2

Installation guidance	Refer to the Bauder Green & Blue Roof Installation Guide.
Product storage guidance	The product should be stored in a cool, dark and dry location, protected against weathering, and must not be exposed to temperatures exceeding 35°C. The products must not be exposed to a direct naked flame or other ignition sources, or to solvents or other chemicals. Where there are storage containers on site, these may be suitable for storing products (see installation guide).
Pallet size	Up to 40 Bags of 10 and 20 kg
Packaging material	White polypropylene bags
Handling/PPE	All persons using the product should be fully aware of the manual handling methods as roofing materials are heavy and can cause serious injury. When using/handling the product, installers should be provided with, and wear, suitable personal protective equipment (ie gloves and protective glasses).
Shelf life	This product has a 12-month shelf and must be stored carefully in line with the guidance given.
Recycled Content	None
Disposal guidance	Waste of the product is not a hazardous substance and can be recycled.
Further information/documents	Current documents such as DoC's, DoP's (where relevant), brochures, installation guides, etc. can be found by visiting www.bauder.co.uk
Safety Data Sheet	Safety Data Sheets are designed to provide the necessary information to recipients of substances and mixtures in the EU & UK. The Bauder Flora seed mix is classed as a substance/mixture; therefore, this product does have a requirement for a Safety Data Sheet.
