05.12.2025

Product description	LiquiPAVE F is a fine quartz powder.
Application fields	LiquiPAVE F is the filler component of LiquiPAVE RF Deck Floor Layer (see separate Technical Data Sheet).

Article Number GB81002020

Characteristic	Unit	Value
Gross weight	kg	23
Net weight	kg	23
Colour		White fine powder
Base		Quartz
Shelf life unopened	months	Unlimited

Storage guidance	Store unopened in a cool, dry, well-ventilated place above freezing, out of direct sunlight and in the original container. The product should be stored in a secure storage area, unopened in a dry condition at a temperature of 5°C to 25°C. Where there are storage containers on site, these may be suitable for storing products. This will ensure the stated shelf-life. The product packaging must not be exposed to a direct naked flame or other ignition sources, or to solvents or other chemicals. All information is provided as a guideline only.	
Packaging material	The product is packaged in a polyethylene sack. Weight of packaging approximately 400g.	
Handling/PPE	All persons using the product should be fully aware of the manual handling methods as roofing materials are heavy and can cause serious injury. When using the product, installers should be provided with, and wear, suitable personal protective equipment.	
Emptying and disposal guidance	Empty sacks and uncontaminated filler can be classified as non-hazardous waste packaging.	
Further information/ documents	Current documents such as brochures, installation guides, etc. can be found by visiting www.bauder.co.uk	
International Standards Organisation (ISO)	ISO 9001:2015 Quality Management	Certificates EN1271 and DEKRA 80408283
	ISO 14001:2015 Environmental Management	Certificates A10552 and DEKRA 170408038

Installation Guidance

Installation is to be carried out by Bauder Approved Contractors in accordance with the specification and guidelines. Please consult the Bauder technical department.

Installation

For the Deck Floor Layer application refer to the Bauder specification and the LiquiPAVE RF technical data sheet.
For the mortar application refer to the Bauder specification and the LiquiPAVE RF Mortar technical data sheet.

Safety Data Sheets are designed to provide the necessary information to recipients of substances and mixtures in the EU & UK. This product is classed as a substance/mixture; therefore, this product does have a requirement for a Safety Data Sheet.
