

Contractor UPDATE

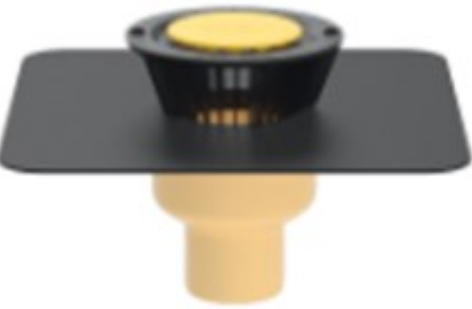

May 2024
No: 202408

New leaf guard for Bauder insulated roof outlets

Bauder are pleased to announce, as part of its continued commitment to provide a comprehensive set of waterproofing accessories, we are changing the current leafguard to a more robust solution for our Bitumen and Hot Melt insulated outlets.

Outlet with current leaf guard

Outlet with new leaf guard

Which products does this affect?

The following products will see the change:

GB60260150 – Bitumen Insulated Vertical Outlet, DN150

GB60262100 – Bitumen Compact Vertical Outlet, DN100

GB60267070 – Bitumen Blue Roof Vertical Outlet, DN70

GB60267080 – Hot Melt Blue Roof Compact Vertical Outlet, DN70

GB60268100 – Hot Melt Compact Vertical Outlet, DN100

When does the change take place?

The changeover will happen from **1st June 2024** onwards. Current stocks will be dispatched first and the newer leafguards will be dispatched once the old stock has gone.

Pricing

The pricing of the products will not be affected by the change. Pricing is available via the Bitumen or Hot Melt price lists.

Fixing

The leafguard push fits into the outlet/extension unit. Please refer to Bauder standard detail.

Technical Data Sheets and detail drawings

The new Technical Data Sheets and detail drawings for these products are available upon request.

If you have any questions, please do not hesitate to contact me.
