Length	m	100
Diameter	mm	4
Processing	-	Hot air welding with approx. 450 °C
Material	-	PVC-P
External fire performance	-	not applicable

#### Normative references

For undated references, the latest edition of the referenced document (including any amendments) applies.

#### Handling/PPE

All persons using the product should be fully aware of the manual handling methods as roofing materials are heavy and can cause serious injury. When using/handling the product, installers should be provided with, and wear, suitable personal protective equipment.

#### Further information/documents

Current documents such as DoP's (where relevant), brochures, installation guides, etc. can be found by visiting [www.bauder.co.uk](http://www.bauder.co.uk)

#### Safety Data Sheet

Safety Data Sheets are designed to provide the necessary information to recipients of substances and mixtures in the EU & UK. This product is classed as an article; therefore, this product does not have a requirement for a Safety Data Sheet.
